

REACH OUT PARTNER ROADMAP

EMERGENCY DEPARTMENT

ENROLLMENT

Your partner can enroll in the ER while they are a patient, if they have elevated BP. They can choose to enroll with you, as their partner, if they want.

HI,
PARTNER!

3-WEEK SCREENING

Your partner will text in their BP weekly. You will support them and remind them to text in their BP.

BYE,
REACH OUT!

Your partner's blood pressure is not elevated over 3-weeks, or your partner did not respond to any text messages.

OPTIONAL CONTINUED TEXT MESSAGES

You and your partner can choose to keep getting daily health behavior text messages and daily self-reported BP texts.

BYE,
REACH OUT!

3-MONTH INTERVENTION

You and your partner will receive daily health behavior text messages and daily self-reported BP texts.

BYE,
REACH OUT!

Your partner did not reply with BP for 4-weeks or more.

You and your partner completed Reach Out and did not want text messages to continue.
